Buildings - South Kanara District - Government - Training College - Mangalore - Provisions of Electrical Installation Estimate Rs.2020/- Approved

E D U C A T I O N D E P A R T M E N T.

From

The Director of Public Instruction,
Madras.

To

The Secretary to Government,
Education Department,

Roc. No. 905 K1/52 dated 25--8--1952.

Sir,

SUB: GOVERNMENT TRAINING COLLEGE, Mangalore Electrification of college Buildings requested.

***

In enclosing herewith a copy of the letter Rc. No.679BT/50 dated 23-6-1952 from the Principal, Government Training College, Mangalore, I request that Government may be pleased to approve the electrification of the buildings of the Government Training college, Mangalore and sanction an expenditure of Rs. 2,020/- in the current year for the purpose.

2. The electrification of the Training college buildings is an urgent necessity.

3. Provision for the work was not made in the Minor works Budget for 1952-53 as the Principal's proposal was relieved after the Minor works Budget Estimate was finalised and forwarded to the Chief Engineer Public Works Department However the Chief Engineer has now reported that the work will be taken up for execution in the current year and funds made available, if the sanction of Government to its execution in the current year is obtained and communicated.

4. In the circumstances I request that Government may kindly approve the execution of the work in question during the current year as a special case and sanction the necessary expenditure.

Yours faithfully,

for DIRECTOR OF PUBLIC INSTRUCTION.

C.R.27/8

SECOND ASSISTANT SECRETARY
30 AUG 1952

EDUCATION DEPARTMENT

Copy of letter Rc. No. 679 BT/50 dated 23-6-1952 of the Principal, Government Training college, Mangalore to the Director of Public Instruction, M a d r a s.

....

Sub: Government Trainng college, Mangalore Electrification of the building-suggestions-Submitted.
Ref: Your proceedings L.Dis. No. 395 K1/52 dated 5-4-52.

****

In requesting kind reconsideration of the question of sanctioning electric installation for the college buildings, I may be permitted to state the following facts:--.

1) That the subject was first broached as early as 12-12-50.

2) That the Executive Engineer, South Kanara was first addressed on 20-4-1951 and that it was only after repeated reminders that he sent the plan and estimate to the Electrical Engineer (General) who furnished us with the estimates only at the end of October 1951. Hence the estimate could not be submited to the Director of Public Instruction, Madras in time for inclusion in the Part II scheme for 1952-53.

3) That the Director asked us to renew out request in April 1952, which was done, but that no action was taken on it as no provision could be made in the Budget Estimate for 1952-53.

4) That audio-visual work forming an important and essential part of the new B.T. syllabus is being greatly handicapped owing to lack of electricity.

5) That the frequent transportof costly and delicate audio-visual apparatus like the Sound Projector and epidiascope to neighbouring schools entails heavy wear and tear to the apparatus and may damage them beyond repair in a short time.

6) That even the facilities that were grudgingly forthcoming last year from local schools for our audio-visual work may not be had this year owing to the fact of these schools having acquired Projectors for themselves.

7) That some of the Headmasters have already made it clear to us that use of their schools for our audio-visual work had seriously dislocated their time tables last year and that they are not in favour of allowing us to do so this year.

In the circumstances stated, above, it is necessary that some way out of this difficulty should be found immediately.

...2/-

I, therefore, submit the following two suggestions either of which could kindly be taken up and orders issued accordingly.

1. A sum of Rs. 2020/- being the estimate for the electric installation of the college building may somehow be provided from the reserve fund with the Director after getting necessary sanction from the Government, so that the wiring may be taken up immediately and completed within a month or two.

I request that I may be favoured with an early reply so that I can plan the audio visual programme of the B.T. class for the current year.

Remo No 37/328A/52-2 Edn dated 1/10/52 Edu (A) Dept

Sub: Colleges - Govt Trg. college, Mangalore - Electrification.

Ref: From the DPI no 905 K1/52, dated 25-8-1952

It is presumed that no provision has been made in the estimate for the installation of fans in the Govt Trg College Buildings, Mangalore. The DPI is requested to state whether the presumption expressed is correct. He is also requested to send the estimate and plan for the work for the administrative approval of the govt.

Sub: Colleges - Govt Trg College, Mangalore - Electrification

Ref: From the D.P.I 905 K1/52, dated 25-8-1952.

The D.P.I has submitted proposals for the electrification of the buildings of the govt trg college, Mangalore, in the current year itself as it is an urgent necessity and to incur an expenditure of Rs 2,020 for the purpose. The Principal has stated that the audio-visual work which forms an important and essential part of the new B.T. Syllabus is being greatly handicapped owing to lack of electricity and that the frequent transport of costly and delicate audio-visual apparatus like the Sound Projector and Epidiascope to neighbouring Schools entails heavy wear and tear to the apparatus and may damage them beyond repair in a short time. The Chief Engineer has reported that the work will be taken up for execution in the current year and funds made available, if the sanction of govt to its execution in the current year is obtained and communicated. In view of the difficulties expressed by the Principal, this dept may support the proposal for the electrification of the govt buildings Trg college, Mangalore, at a cost of Rs 2,200 in the current year itself.
